followed by the motor version and BoM product variation

comply with the basic requirements of the **Machinery Directive 2006/42/EC**.

We confirm that prior to market introduction:

- the relevant essential health and safety requirements listed below which apply to the product are fulfilled,
- the relevant technical documentation is prepared and completed in accordance with part B of annex V.

Applied harmonized standard:

EN 378-2: 2016 Refrigerating systems and heat pumps - Safety and environmental requirements - Part 2: Design, construction, testing, marking and documentation

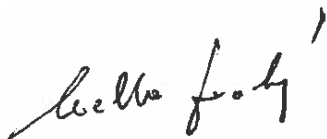

The partly completed machinery is in conformity with the following directives:

- Electromagnetic Compatibility 2014/30/EU*
- Pressure Equipment Directive 2014/68/EU*
- Eco-design Directive 2009/125/EC implemented by Regulation (EU) 2015/1095*

Upon justified request, we shall be obligated to provide the specific documents regarding the products listed above within an adequate period. The documents will be made available via e-mail.

The refrigeration unit shall only be commissioned when it has been determined that the complete machinery in which the refrigeration unit is to be installed, complies with the provisions of this Directive 2006/42/EC and that the EC Declaration of Conformity pursuant to Appendix II A is available.

Signed for and on behalf of Copeland Europe GmbH:
